AMERICAN AND FOREIGN OFFICE.
R. H. EDDY, Solicitor of PATENTS
(Late Agent of U. S. Patent Office, Washington, under the Act of 1837.)
NO. 70 STATE, OPPOSITE KILBY ST.,
BOSTON.
AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
This Agency is not only the largest in New England, but through its inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by those immeasurably superior to any which can be offered them elsewhere. The testimonials below give proof that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES, AND ABILITY, he would add that he has abundant reason to believe, and can prove that at no other office so far below the usual charges for professional services as moderate.
The immense practice of the subscriber during twenty years has enabled him to accumulate a vast collection of specifications and official decisions relative thereto. These besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay

TESTIMONIALS.
In regard Mr. Eddy as one of the *most capable and successful practitioners* with whom I have had official intercourse.
CHAS. MASON, *Commissioner of Patents.*
I have no hesitation in advising inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,
Late Commissioner of Patents.
Boston, February 8, 1858.
Mr. R. P. Eddy has called to see me THIRTEEN applications, on all but one of which patents have been granted; and that one is *now pending.* Such an unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges.
JOHN TAGGART.
Patent Sept. 17th, 1857, to June 17th, 1858, the subscriber, in course of his large practice, made, on *twice* repeated applications, SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.
R. H. EDDY.

A Very Obliging Gentleman!

There is nothing like an obliging disposition, I said to myself one day, when travelling in a railway car from Boston to Worcester, seeing a gentleman put himself to considerable trouble to land another gentleman, who had fallen asleep at his destination.

"Passengers for West Needham!" cried out the Conductor; "this car stops but one minute."

"Hallo!" exclaimed a young man in spectacles, at the same time seizing an old gentleman by the shoulders, who was sleeping very soundly, "there's Capt. Holmes fast asleep, and this is West Needham where he lives. Come, get up, Capt. Holmes—here, you are!"

The gentleman got upon his feet, and began to rub his eyes; but the young man forced him along to the door of the car, and gently hustled him on the roadside. Whiz, whirl went the steam, and we began to fly again. The obliging young man took his seat again, and said with a good deal of satisfaction, to somebody near him:

"Well, it's fortunate for me, Capt. Holmes would miss his bundle dreadfully. But here, bless me! his bundles!" and the young man picked up a paper parcel and threw it out. "Well," he said again, "if it hadn't been for me, Capt. Holmes would have missed his bundles finely."

When we stopped at the next station, a lady began to rummage under the seat where Capt. Holmes had been sitting, and exclaimed, in great alarm:

"I can't find my bundle."

"Was it done up in a piece of brown paper?" I asked.

"Yes, it was, to be sure," said the lady.

"Then," said I, "that young man yonder, at the last stopping place, threw it out of the window."

This led to a scene between the obliging young man and the old lady, which ended by the latter taking the address of the former, and promising to return the pocket in a few days, provided he should ever find it.

"Well," said the obliging young man, "catch me doing a good-natured thing again. What can I do for that old woman, if I cannot find her bundle?"

Whiz, went the steam; ding, ding, ding, went the bell; the dust flew, the sparks flew, and the cars flew, as they say, like lightning, till we stopped at the next station—I forget the name of it now, but it would be of no consequence if I could remember it. An old gentleman started up, and began to poke under the seat where Capt. Holmes had sat.

"What are you looking for?" I inquired.

"Looking for?" said the old gentleman, "Why, I'm looking for my bundle of clothes."

"Was it tied up in a yellow handkerchief?" I asked.

"Yes, and nothing else," said the old man.

"Good Heavens!" exclaimed the obliging young man, "I threw it out of the car at Needham's! thought it belonged to Capt. Holmes's!"

"Capt. Holmes!" exclaimed the old fellow, with a look of despair, "who is Capt. Holmes? The bundle contained all my clean clothes that I was to wear at my son's wedding to-morrow. Dear me! what can I do?"

Nothing could be done, but to give his address to the obliging young man as before, and console himself with the promise that the bundle should be returned, provided it should be found. The obliging young man was now in despair, and made another solemn vow that he would never attempt to be obliging again. The next station was his landing place, and, as he went towards the door of the car, he saw a silver headed cane, which he took hold of, and read the inscription on it, "Moses Holmes, East Needham."

"Well," again exclaimed the obliging young man, "if here isn't Capt. Holmes's cane."

"Yes," said a gentleman, who got in at the last station, "and the old fellow is lame, too, and will miss his stick."

"Do you know him?" inquired the obliging young gentleman.

"Know him? I should think so," replied the gentleman; "he is my uncle."

"And does he live at East Needham?" asked the obliging young man.

"Of course he does; he never lived anywhere else."

"Well, if it don't beat everything!" said the obliging young gentleman, "and I put him out at West Needham, a mile and a half the other side of his home."

Ayer's American Almanac for 1859 is now ready for delivery gratis, at Hazard & Caswell's. We are happy to supply all that call for them. Every family should have this book. It is worth having, containing much general information of great value; it gives the best instruction for the cure of prevalent complaints that we can get anywhere. Its anecdotes alone are worth a bushel of wheat, and its medical advice is abundance worth to the sick the wheat's weight in gold. Many of the medical almanacs are trash, but this is solid metal. Its calculations are made purposely for this latitude and are therefore correct. Call and get an Ayer's Almanac and when got, keep it.

The busy American people are appreciative of every antidote of value rendered them, and among the people of Mr. Ayer's extensive practice is unparalleled as a testimonial for a medicine of his splendid reputation among the people of the world, as will be in the prevalence of Cough Drops and Pills. But no indication himself in the way where the public need best avail of the public ear, and it is now safe to say that he and no other is the leader of his calling. Throughout this nation and foreign lands, his name is a household word, and wherever he is known he is esteemed as the benefactor of mankind.—*Lowell Daily Journal, Lowell.*

A wanderer in the Prairie was so much benefited several cases of the Tea Cathartic came on shore, they were sent back to Missouri, city, with the request that they might be distributed among the English and French for the trade containing pernicious doctrines, and those people evidently much needed them.

A dancing party, at Woodard's Hotel, in West Pawlet, Vt., was unceremoniously broken up during the supper hour, a few evenings since, by the burning of the hotel—the dancers of both sexes being hustled out in such a hurry, that they were unable to save their hats, bonnets, or other garments from the flames.

NEWPORT DAILY NEWS

Published every Morning—Sundays excepted, by

GEORGE T. HAMMOND,

At 127 Thames Street.

THURSDAY, NOV. 25, 1858.

☞ To-day being Thanksgiving, our employees will take a holiday, and no paper will be issued from this office to-morrow.

To all questions pertaining to his guilt he had, from his first arrest, but one answer, and he persisted in it to the last: that if he stabbed Swanston, he did not know what he was doing, and had no intention of killing anybody. He owned, however, that he was drunk at the time, and had been led away by bad companions.—*N. Y. Times.*

☞ The above extract relates to the "boy Rogers," as he is termed, who was hanged in New York on the 12th inst., for the murder of John Swanston, by stabbing, in one of the public streets of that city. The murder took place above a year ago, and was one of more than sixty cases of homicide committed in that capital during the year, for which, thus far, barely two of the assassins have been executed—Rogers and a wretched negro named Dorsey.

Rogers is stated, by those who saw him, to have been a slender, light-complexioned, mild-looking youth, of an almost feminine countenance, and about as unlikely to commit a murder as any individual that could be imagined. Yet there seems to be no good reason for doubting that he did actually do the bloody deed, for which he has finally paid such a fearful penalty. And why did he do it? Not, surely, because there was anything in the circumstances of the case—the language or conduct of his victim—that could be supposed to justify even an ordinary assault, much less such a gross and hideous outrage. A rude and impertinent question, addressed by Rogers to a total stranger, (a peaceable citizen, passing along the wal. in company with his wife,) brought a brief and not inappropriate reply; and for this, Rogers rushes upon the man and stabs him to death!

Oh, horrid deed! oh, wretched infatuation! What *could* have impelled a fair-haired, girlish-looking youth, to the perpetration of such a fiendish outrage! Well, he himself says that "he was DRUNK,"—that he had "been led away by bad companions," and that "he *did not know what he was doing.*"

Reader! if these statements of Rogers be true, do they not involve a lesson and a warning of solemn import to the youth of our land?—Beware, oh young man! beware of the intoxicating draught, lest it should, in an evil hour, bring your own feet to the scaffold!

Two Weeks Later FROM CALIFORNIA.

NEW ORLEANS, NOV. 20. The steamer Quaker City brings Isthmus dates of the 17th inst. She made the passage in 6½ hours.

Everything was progressing well on the Isthmus. All but 25 miles of this end of the road was in good running order, and would be all finished in two weeks. 20 coaches were running. It is proposed to open a new route via the river Jalrepec, which will cut off seven miles of the worst part of the road and shorten the distance to 100 miles.

The Isthmus is very healthy. M. Losere President of the Road, is a passenger in the Quaker City.

The Liberal party were still in possession of the Isthmus, notwithstanding the intrigues of Zuloaga. Six of the followers of the latter were publicly shot at Panama on the 6th inst.

At Tabasco the Liberals were uppermost, and had taken the steamer Guerrero.

Heavy rains have taken place in California. The weather was very cold, and there was much snow on the mountains. Business was reviving.

The Circuit Court has granted an injunction forbidding the New Almaden Quicksilver Mining Co. to work the mines, claimed by the United States, the value of which are immense.

A suit had been instituted in the U. S. Court, against the Pacific Mail S. S. Co. for carrying an excess of passengers. The damages were laid at $150,000.

The Fraser River adventurers were fast returning.

Excavations for a U. S. Foundry had been commenced at Mare Island. It is to be the largest foundry in the Union.

At San Francisco real estate was generally looked for.

Thos. O. Larkin, a pioneer citizen of California, and once U. S. Consul, is dead.

The news from Oregon says that Col. Wright had returned to Dalles, and that the troops were to be concentrated at Vancouver for a new distribution by Gen. Harney.

The Walla Walla Indians were troublesome in Washington Territory.

The Sandwich Island News says that the whaling fleet in the Arctic, Behring Sea and Bristol Bay, had done poorly, and but few arrivals.

Steamship Russia sailed from San Francisco with $2,000,000 in gold, and 850 passengers.

Some excitement existed in San Francisco on the 15th inst., in consequence of two Americans in Caledon Territory by the Mexican authorities, a representation of which made by Mr. Alexander, secretary of the U. S. Legation here, was sent to Washington by this mail.

The wife of Tutor, Hoyer, of Hartford, was frightened to death on Wednesday night, by the fire, which was near her dwelling. When the fire broke out, she was standing in the sitting room, and the sudden flash of the flames upon the window of her house frightened her so that she fell dead upon the floor.

There is said to be not one unmarried man in the town of Yarmouth, Mass.

LOCAL NEWS.

A THANKSGIVING DITTY.

BY BOB DOUBLEYOU TEE.

'Tis meet that man should thankful be,
For all the blessings which we see
Dispensed by God on every hand
Throughout our own, our favored land;
For life, for health, for mercies rare,
Which we, with kindred, daily share.

The Governor of the State hath named
This day, and hath it wide proclaimed,
That men may cease their daily toil,
And rest and recreate the while.

This is a day of mirth and glee,
When none should aught but gladness see;
For turkies fat and pumpkin pies,
And other fixin's highly prized
In this brave Yankeeland of ours,
Where blessings come in copious showers.

And while we feast ourselves to day,
Have we a neighbor o'er the way
Whose lot is numbered with the poor?
Let us, while plenty crowns our board,
"Give to the poor and lend the Lord;"
So shall rich blessings e'er be ours,
Our path be strewed with sweetest flowers,
And God will smile upon the deed,
And succor us in time of need.

LOCAL INTELLIGENCE.—Of all the duties connected with the publication of a newspaper, none are more arduous and yet more thankless, than those of that humble individual known as the local editor of a daily paper. And the smaller the place where the paper is located, the worse it is. He is expected to be every where, and to know every thing. A man falls and breaks his arm, a horse runs away and breaks things, a drunken man kicks up a row in the streets at midnight, arousing a whole street—all these things occur, though not at the same time nor in the same place, and while the said local editor is working at his desk. The next morning, those who witnessed the above transactions take up the *Daily News* and wonder that they do not find a full account of it in the paper, but do not, from the very fact that the local editor, not being gifted with the attribute of omnipresence, was not there, and knew nothing at all about it. If either of these individuals had just taken the trouble in passing the office to drop in and inform the editor of the circumstance, even if it were only to give him a hint of it so that he could work it out, they would have no occasion to complain that they did not find the full particulars in the paper.

In a quiet community like ours, where happily nobody ever murders another, where a "respectable" fire is fortunately of very rare occurrence, and where elopements and such like pleasing episodes never transpire, the local department of the paper, if sustained, must of necessity be made up of trifling matters, such as might be furnished by some of the readers of the papers nearly every day, and for which we should be extremely grateful. The Police might be of great assistance to us, in giving us such items of offences against the laws as transpire under their notice, and which are generally stale by the time they reach the courts. In all the larger cities this is done by the Police, and we know of no good reason why it should not be here.

It is as desirable to our readers as ourselves, that we should get up every day an interesting paper, and if each one would make it a point to keep us posted in matters of interest that come under their notice, they would contribute very essentially to make it so. No matter if we get the information from half a dozen different sources, bring it in, and we will take care of the rest.

THE ATLANTIC TELEGRAPH.—By a recent arrival from England, we have intelligence anything but cheering, concerning the Atlantic telegraph cable. The electric staff has been broken up and the operators discharged. The offer of Professor Whitehouse to endeavor to restore the cable, has been rejected by the Directors, and so the matter stands. The cable, meanwhile lies precisely where the Niagara and Agamemnon dropped it, except the shore end at Valentia, which is being removed for the purpose of substituting more substantial piece.

STEAMER GOVERNOR.—This steamer, due here from New York Tuesday morning, arrived yesterday morning about 7 o'clock. She encountered the gale of Tuesday morning between Watch Hill and Beaver Tail Light, and reaching the latter point could proceed no further, and put back. A gentleman who was a passenger on board, informs us that the seas off Point Judith and Beaver Tail were terrific, but that the Governor rode over them like a duck. He is enthusiastic in his praises of her as a sea boat.

NOT BAD.—The presentation of a "magnificent French fur hat" to the local editor of the Daily News, he considers to be the *freezing* point—*cold, critics!*

It was not the "local editor," at all, who was the honored recipient of the fine hat in question. He *would like to see* the man who would present him with a fine hat, or anything of that description.

☞ We learn that the next meeting of Dr. Wood's Music Class will take place on Monday evening next, on which occasion all will be required to remit tickets to admission to the hall.

The local editor of the Newport News has been presented with an Owl. Quite a present.—*Fall River Beacon.*

Glad you think so, Judge. The next one we get, we shall know where to send it. For our own part, we never took a very great fancy to such varmints. Sometimes a *family relationship* will lead to singular results.

HARD ON TURKEY!—Not a turkey could be bought in Newport at 8 o'clock last evening, and scarcely a goose or decent looking chicken. The former sold at 12 to 15 cents per pound.

☞ The Union Prayer Meeting will be held this (Thursday) evening, at 7 o'clock, at the vestry of the North Baptist Church.

A Dispatch has been received by the Papal Nuncio, in Paris, informing him that the Pope has addressed a "memorial" to all the European courts, setting forth the facts of the Mortara business, as represented from a Holy Inquisition point of view, and stating it to be his Holiness's deliberate conclusion that, as the blessed child has received the grace of baptism, no authority, even of the Pope himself can be sufficient to neutralize its effect—*ergo*, the child must still be withheld from its mother and father, in order to receive a Christian education.

The Managers of the Washington Monument, in Washington City, say that they will go on with the monument now, if they can get the money. It has been carried up 175 feet already.

A man in Dorchester county, Md., has been sentenced to the Penitentiary for 45 years, on seven indictments for horse stealing.

ON Friday, 12 inst., a child was born on the passenger train from Davenport, Iowa, to Iowa City.

Col. Enoch Train, long a leading ship owner in Boston, has taken up his residence in New Orleans.

HAZARD & CASWELL'S

PURE & GENUINE LIGHT STRAW-COLORED MEDICINAL

COD LIVER OIL,

PREPARED FROM SELECTED LIVERS ONLY.

The great remedy for Coughs, Colds, Consumption, Asthma, Rheumatism, Scrofula, Infantile Wasting, General Debility, and all diseases arising from deficient nutrition.

Professor Parker, in the "American Medical Monthly," says:—

"We have had patients use it, who had tried almost every manufacturer's oil, and give this the decided preference. It is easily digested, and does what is expected of it. It is of a light straw-color, has none of the rancid fish odor, but is sweet and pleasant."

Professors Palmer and Gunn, in the "Peninsular Medical Monthly," say:

"We pronounce it to be a *free* from odor, color and taste, as Cod Liver Oil seemingly can be."

From Professor A. A. Hayes, State Assayer of Massachusetts:

GENTLEMEN:—I have subjected to chemical analysis the Cod Liver Oil prepared and put up for sale by Messrs. Hazard & Caswell, of Newport, R. I. It proves to contain, unaltered, the iodic compounds, essential to efficiency of action; and in comparison with the finest specimens I have seen of foreign or domestic origin, it takes the highest place.

The importance of having a reliable source from which this valuable remedy, in a state of purity, can be obtained, leads me to recommend, with confidence, this excellent article.

Respectfully,

A. A. HAYES, M. D., Assayer to State of Massachusetts.

The testimony of every Resident Physician corresponds with the opinion of Professor Hayes, viz.:

James V. Turner, M. D., Theo. C. Dunn, M. D., David Kilig, M. D., H. E. Turner, M. D., Daniel Watson, M. D., W. Argyle Watson, M. D., Samuel W. Butler, M.

HUBBELL, Chemist, of Philadelphia, says:

"It is unequalled by that of any other manufacturer, for freshness, freedom from taste and odor. It is more efficient than any similar article yet offered."

Our Oil, if not too long kept by the dealer, is perfectly sweet and palatable, not requiring to be manufactured into emulsions or jellies, to conceal a nauseous taste, as inferior Oils do.

The testimony of hundreds, to the same effect, can be presented, but any one acquainted with the sensible properties of the Oil will at once perceive its great superiority over any heretofore offered to the public. Be certain to observe, on the label of each bottle, the signature of Hazard & Caswell, and also upon the metallic capsule covering the cork.

n26

HAMMONTON LANDS.
NEW ENGLAND SETTLEMENT.
RARE OPPORTUNITY.—TO ALL WANTING FARMS—in a healthy place, *twenty-five miles* from Philadelphia, on the Camden and Atlantic railroad, New Jersey. An old estate has recently been opened for sale, and the first division of 10,000 *acres* divided up into farms of twenty acres and upwards. The soil is of *the best* quality for the production of fruits, grains, &c. The price is $15 to $20 per acre, payable in easy quarter yearly instalments, within a term of four years, with interest. The terms are made easy, in order to insure the rapid improvement of the land, by enabling *every industrious man to buy a farm.* It is now being extensively improved by good roads, and some of the best citizens from New England and the Middle States are erecting large improvements. It is *now* one of the greatest improvement out of Philadelphia. Seventy-five houses have been built in four months. Practical farmers and business men from the length and breadth of the Union are settling there. It is an important business place, on account of its being in the midst of a great market. Every article raised upon this land finds an immediate sale. The water is excellent, and no such thing as fever is known.

The soil is a sandy or clay loam, with *a clay bottom and excellent* manures. It is free of stones and easily worked. It abounds largely in the pine States, and such is its fertility that from the crops produced upon this land and the large area adjoining under cultivation, it will be found not to be excelled anywhere in the production of crops most adapted to the market.

The reader may be well aware that the cranberries and the best fruits and vegetables coming from New Jersey, which are annually exported to the amount of millions of dollars. The land, besides being accessible in every way for fertilizers, has an abundant supply of the best quality of muck manure.

Lumber and building materials can be had on the spot at a cheap price, from the mills. Other mills are now being opened, and before yards being started on the ground. A person can put up a frame tenement for present convenience for one hundred dollars. Or account of the extensive emigration, this is the best chance to pursue in order to get a place to live in at the first. Carpenters and builders are on hand to put up houses on the best terms.

In settling here the emigrant has many advantages. He is within a few hours' ride of the great cities in the Middle States and New England; he is near his old friends and associations; he is in a settled country, where every improvement and comfort of civilization is at hand; he is in a healthy place, and is not subject to the certainty of losing the greater part of his family and his own health by those malignant fevers which make the graves of so many millions of the young and hardy in far off regions away from home and friends. Besides, he has a mild climate and an open winter.

There are three trains daily to Philadelphia, and to all those who improve the railroad company gives a free ticket.

The reader will be at once struck with the advantages here presented, and ask himself why the property has not been taken up before. The reason is, it was never thrown in the market; and unless these statements were correct no one would be invited to examine

SWAIM'S.
CELEBRATED PANACEA
FOR THE CURE OF
INCIPIENT CONSUMPTION,
Scrofula, General Debility, White Swelling, Rheumatism, Diseases of the Liver and Skin, and all Diseases arising From Impurities of the Blood, and the effects of Mercury.

SWAIM'S PANACEA has been for more than thirty years celebrated in this country and in Europe for its extraordinary cures—for the certificates of which reference is made to the directions and books (which may be had gratis) accompanying the Panacea.

It has been used in hospitals and private practice, and has had the singular fortune of being recommended by the most celebrated physicians and other eminent persons. Among others by—

W. Gibson, M. D., Prof. of Surgery, Pa. University.
Valentine Mott, M. D., Prof. of Surg., N. Y. University.
W. P. Dewees, M. D., Prof. of Mid., Pa. University.
N. Chapman, M. D., Prof. of Practice of Med., Pa. University.
T. Parke, M. D., Prof. College of Physicians, Phila.
Dr. Del Valle, Professor of Medicine, Havana.
Tyrs Escorsatte de Lar, Prof. of Surgery, Lisbon.
J. Chelius, Memb. of Royal College Surgeons, London.
B. W. Kerry, Memb. of Royal Col. Surgeons, London.
Sir Thomas Fraser, Major General British Army.
Gilbert Robertson, British Consul, &c. &c.

Besides a large number of Ministers of the Gospel, Members of Congress, Philanthropists, &c.

And also, the wonderful cures effected by Swaim's Panacea have for many years made it an invaluable remedy. The Panacea does not contain mercury in any form, and being an innocent preparation, it may be given to the most tender infant.

The retail price has been reduced to $1,50 per bottle, (containing three half pints) or three bottles for $4.

BEWARE OF IMPOSITION.

Swaim's Panacea is in round bottles, fluted engitudinally, with the following letters blown on the glass:—

"SWAIM'S—PANACEA—PHILADA."

and having the name of JAS. SWAIM stamped on the sealing wax, and written on the label covering the cork, and a new label for the side of the bottle, composed of geometrical lathe work, comprising nine different cuts which have been owned by the exclusive use of the proprietor, by Draper & Co., bank note engravers, of Phila. Four dies of different patterns form the body of the work, and in the centre is a portrait of the late Wm. Swaim, separated from the borders by two circles of lathe work. The words "Swaim's Panacea," are engraved conspicuously on two turned strips, and a large semi-circular die forms the upper margin. The borders are composed of plain lathe work strips, outside of which is engraved, in small letters, the entry of the copyright.

Also, SWAIM'S VERMIFUGE.

A valuable Family Medicine, being a highly approved remedy for all diseases arising from debility of the digestive organs, such as Worms, Cholera Morbus, Dysentery, Fever and Ague, Bleeding Piles, Sick Headache, &c. &c. See the Pamphlet (which may be had gratis) accompanying the Vermifuge.

Prepared only at SWAIM'S LABORATORY, AT THE OLD STAND, Seventh street, below Chesnut, Philadelphia, and sold by all the respectable Druggists in the United States.

CAUTION TO THE PUBLIC.

Persons wishing to obtain the genuine SWAIM'S PANACEA and SWAIM'S VERMIFUGE, should be careful to observe that the name

SWAIM

is spelled correctly on the bottle and labels, or they may be imposed on by medicines made in imitation of them by a person bearing a somewhat similar name, well calculated to deceive.

Joy to the Admirers of
A FINE HEAD OF
RICH GLOSSY HAIR.

Talk of beauty, it cannot exist without a fine head of hair, then read the following, and if you ask more, see circular around each bottle, and no one can doubt.

PROF. WOOD'S Hair Restorative.—We call the attention of all, old and young, to this wonderful preparation, which turns back to its original color, gray hair—covers the head of the bald with a luxuriant growth—removes the dandruff, itching and all cutaneous eruptions—causes a continual flow of the natural fluids; and hence, if used as a regular dressing for the hair, will preserve its color, and keep it from falling to extreme old age, in all its natural beauty. We call them upon this bald, the grey, or diseased in scalp, to use it; and surely the young will not, as they value the flowing locks, or the witching curls ever be without it. Its praises is upon the tongue of thousands.

The agent for Prof. Wood's Hair Restorative in New Haven, received the following letter in regard to the Restorative, a few weeks since:

HOLE RIVER, CONN., July 23, 1856.

MR. LEVENWORTH—Sir:—I have been troubled with dandruff or scurf on my head for more than a year, my hair began to come out rather and hair together. I saw in a New Haven paper about Wood's Hair Restorative as a cure. I called at your store on the 1st of April last, and purchased one bottle to try it, and I found to my satisfaction it was the thing; it removed the scurf and the hair began to grow, it is now two or three inches in length where it was all off. I have great faith in it. I wish you to send me two bottles more by Mr Post, the bearer of this. I don't know as any of the kind is used in this place. You may have a market for many bottles after it is known here.
Yours with respect, RUFUS PRATT.

PHILADELPHIA, Sept. 9, 1856.

PROF WOOD—Dear Sir: Your Hair Restorative is proving itself beneficial to me. The front, and also the back part of my head almost lost its covering—in fact BALD. I have used but two half pint bottles of your Restorative, and now the top of my head is well studded with a promising crop of young hair, and the front is also receiving its benefit. I have tried other preparations without any benefit whatever. I think from my own personal recommendation, I can induce many others to try it. Yours respectfully
D. R. THOMAS, M. D.
No. 464 Vine street.

VINCENNES Ia., June 22, 1853.

PROF. O. J. WOOD: As you are about to manufacture and vend your recently discovered Hair Restorative, I will state, for whomsoever it may concern, that I have used it and known others to use it—that I have for several years been in the habit of using other Hair Restoratives, and that I find yours vastly superior to any other I know. It entirely cleanses the head of dandruff, and with one month's proper use will restore any person's hair to the original youthful color and texture, giving it a healthy, soft and glossy appearance; and all this without discoloring the hands that apply it, or the dress on which it drops. I would, therefore, recommend its use to every one desiring to have a fine color and texture to hair.
Respectfully yours, WILSON KING.

A CARD TO THE LADIES.

DR. DURNESA'S Golden Periodical Pills for Females. Perfectly harmless, yet wonderfully and powerfully efficious in correcting regulating, and removing all obstruction from whatever cause.

All medical men know, as well as many others, that no female can enjoy good health, unless he is regular; and whenever an obstruction takes place, whether from exposure, cold, or any other cause, the general health begins immediately to decline, and the want of such a remedy has been the cause of so many consumptions among young females. Headache, Pain in the Side, Palpitation of the Heart, Loathing of Food, and Disturbed Sleep, do most always arise from the interruption of nature; and whenever that is the case, the Pills will invariably remedy all these evils; and may always be used successfully as a preventive.—Price $1 per box. For sale at 132 Thames street, corner Churchst. eet, and at 12 Washington square, opposite State House. Orders for the trade as well as others will be supplied at lowest manufacturer's prices. Ladies by enclosing $1 to *EUSTURGIS & CO.*, Box 891, Newport Post Office, can have the Pills sent confidentially) by mail to any part of the city or country

HOWARD ASSOCIATION.
PHILADELPHIA.

A Benevolent Institution, established for the special information for the relief of the sick and distressed, afflicted with Virulent and Epidemic diseases.

THE Howard Association, in view of the awful destruction of human life, caused by sexual diseases, and the deceptions practiced upon the unfortunate victims of such diseases by Quacks, several years ago directed the investigating Surgeon, as a Charitable Act worthy of their name, to open a Dispensary for the treatment of this class of diseases in all their form and to give Medical Advice Gratis, to all who apply by letter, with a description of their condition, (age, occupation, habits of life, &c.,) and in cases of extreme poverty to Furnish Medicines Free of Charge. It is needless to add that the Association commands the highest Medical skill of the age, and will furnish the most approved modern treatment.

The Directors of the Association, in their annual report upon the treatment of sexual diseases, for the year ending July 1st, 1853, expresses the highest satisfaction with the success which has attended the labors of the consulting surgeon in the cure of Spermatorrhœa, Seminal Weakness, Impotence, Gonorrhœa, Gleet, Syphilis, the vice of Onaism or self abuse, &c., and order a continuance of the same plan for the ensuing year.

The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent effort, have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves, with renewed zeal to this very important but much despised cause.

An admirable Reporten Spermatorrhœa, or Seminal Weakness, the vice of Onanism, Masturbation or Self-Abuse, and other Diseases of the Sexual Organs, by the consulting Surgeon, which will be sent by mail, (in a sealed envelope,) free of charge, on the receipt of two stamps for postage.

THE LIVER

INVIGORATOR,

PREPARED BY DR. ANFORD.

Combining Entirely new Curative Principles and Liver Medicines.

THE proprietor and Liver Medicines of this Invigorator would respectfully inform the public that after many years of study, labor and expense, he has succeeded in producing a remedy which he confidently believes will prove more effectual in the cure of all diseases of the Liver than any other medicine known. This remedy is not a Cathartic but a Liver remedy; acting directly upon the Liver to eject its morbific matter, through the stomach and bowels to expel it from the system, thus accomplishing the purpose of a cathartic, but entirely without any of the painful effects usually experienced in the operations of most cathartic medicines. It strengthens the system at the same time it purges it; and when taken in moderate doses, will strengthen and build up with wonderful rapidity.

SANFORD'S LIVER INVIGORATOR

All who use it are giving their unanimous testimony in its favor.

Mix Dix Water in the mouth with the ingredients, and swallow both together.

THE LIVER INVIGORATOR IS A SCIENTIFIC MEDICAL DISCOVERY, and daily working cures, almost too great to believe. It cures as if by magic, even those in close sitting hospitals, and seldom more than one bottle is required to cure any kind of Liver Complaint, from the worst Jaundice or Dyspepsia to a common Headache, all of which are the result of a Diseased Liver.

Price one dollar per bottle.

Notice to Consumers of Kerosene Oil.

Our client, Mr. JAMES YOUNG, of Glasgow, having transfered to a Company in the United States the exclusive right to use in the United States his patent for making Oil from Coal, which patent was issued by the Government of the United States on the 2d day of March, 1852, and Mr. Young having guaranteed to such Company that he will sustain and defend said patent against all persons infringing the same—

NOTICE is hereby given to all persons engaged in the business of making Oil from Coal, that legal measures will be immediately adopted against all persons infringing said patent.

DATED 10th November, 1858.

BENEDICT & OARDMAN,
Solicitors for said Young,
120 Broadway, New York.

At a meeting of the BOARD OF TRUSTEES of the KEROSENE OIL COMPANY, held on 10th November, 1858, the following Resolution was unanimously adopted:

COPY.

Resolved—In view of the recent advance in the price of Coals, suitable for the manufacture of Kerosene Oils—as well as the heavy annual payment hereafter to be made to Mr. James Young, of Glasgow, for the exclusive use of his Patent for the manufacture in the United States, of Oils from Coal—that the price of the Kerosene Illuminating Oil, be, and is hereby advanced, from and after this date, to one dollar and fifteen cents ($1 15) per gallon, wholesale; and the Agents of the Company are hereby instructed to notify consumers, of the advance in price, and to fill with every possible dispatch all orders now on their books, on receiving from the parties ordering writ en notice of their willingness to pay said advance.

R. H. STANTON, 102 *Thames st., Newport, R.I.*

SIR:—We beg leave to call your attention to the above resolution. For your guidance, we would observe, that the retail price of the Illuminating Oil, at the office of the Agency, will hereafter be $1 60 per gallon.

Dealers are at liberty to fix their price, at retail, according to circumstances.

Very respectfully,
AUSTENS, Agents,
59 Beaver Street, N. Y.

On and after this date my retail price for Kerosene Oil will be $1 30 per gallon.

R. H. STANTON, Agent for Newport.

DR. DOW'S

GRAND MEDICAL HOUSE AND OFFICE,

NO. 7, ENDICOTT-ST., BOSTON, NO. 7.

Established for the permanent cure of all Private Diseases and the Suppression of Quackery.

DR. DOW, so well known for the last fifteen years in this city, where he has confined his practice to the treatment of mercurial, syphilitic and other diseases of a private nature, is confined to his house, from nine in the morning till eight in the evening. Patients must call during office hours. Office hours open to Sundays.

All chronic and difficult cases, such as have resisted for years, are completely and permanently cured in the shortest possible time by the Doctor's improved course of treatment.

MEDICAL ADVICE.—As it is always important to obtain the services of an experienced and skillful physician call on the celebrated *Dr. Dow, No. 7, Endicott street.*—*Med. and Surg. Journ.*

DR. DOW will say nothing of his qualifications as a Physician and Surgeon, being a graduate of the University of Pennsylvania, Licentiate of the State Medical Society of N. Y., and for more than twelve years a practitioner of this city, during which time he has no doubt cured more of those difficult and chronic cases (such as nothing but practical experience can ensure success) than by other physicians in Boston.

By his late improved course of practice, Gonorrhœa, Gleet, Strictures, and other local affections of the urinary and seminal organs, are cured in a very few days without mercury, regard to diet, or fear of exposure.

SECONDARY SYPHILIS, &c.

Scrofulous affections, ulcers in the throat or neck, nodes and caries of the bones, eruptions on the skin, and every impurity of the blood thoroughly and completely eradicated Persons afflicted with any private complaints should call as early as possible after contracting the disease, as much time and money may be saved thereby.

TO YOUNG MEN.—You who are troubled with seminal weakness, generally caused by a bad habit in youth, the effects of which are nocturnal emissions, pains and dizziness in the head, forgetfulness, sometimes a ringing in the ears, weak eyes, &c., terminating in consumption or insanity, if neglected, are speedily and permanently cured by Dr. Dow.

TO MIDDLE-AGED OR EVEN OLD MEN, whose procreative organs have become inactive or weakened by the excesses of any kind, but especially bad habits in youth, Dr. DOW would respectfully say that from the extensive practice which he has had in treating the above complaint for over fourteen years, he is enabled to guarantee a perfect cure in all cases; that is, a restoration of those organs to their natural and healthy state. Hardly a day passes that he is not called upon to cure the above complaints, and he is happy to say that his course of treatment has invariably effected a speedy cure.

Beware of all kinds of Exhilerating Cordials, as they are of no use.

To the unhesitating, the mere mention of the name of the talented and justly popular physician, Dr. Dow, that he can at all times be found at home, that he is surpassed by none in curing all forms of disease however protracted, ill treated, or mercurily affected, is a consolation to his patients, and an honor to himself.—*Bath. Amer.*

All afflicted with private complaints, if possible, should consult Dr. Dow, whose medical education is not surpassed by any physician in the country. In his skill, honor and integrity, all may rely with safety, while most all of the medical practitioners are without honesty or responsibility, their pretensions being grounded in ignorance and assumption.—*Republican Argus.*

There are a great many young men whose cases have become very difficult of cure, either from neglect or ill-treatment. We would advise all such to call on Dr. Dow, of Boston, whose practical experience in certain diseases no doubt exceeds that of any other physician in America.—*Journal of Health.*

Dr. Dow consults with physicians, assistant, on difficult chronic diseases. Charges reasonable.

TO FEMALES.

All diseases peculiar to females, such as suppressions, irregularities, &c., speedily and effectually removed. The efficacy of his remedies for the cure of the above affections, has been well tested in his extensive practice for the last fifteen years in this city, and never was known to fail in effecting a cure where the directions were followed a reasonable time.

both common and well known articles.

The following persons can be found, and are well known. We give a few extracts from their opinions about the

ROSEMARY.

ABRAM A. TOUAN, Esq., Rotterdam, N. Y., writes—"Am 75 years of age, and was bald 25 years; have used two bottles of your Rosemary, and my hair is now two inches long."

REV. STEVANUS COBB, Boston Mass.—"We had rather pay for it than have other preparations for nothing," &c.

MRS. D. TAFT, Cambridge, Mass.—"Have used your Rosemary with great success in keeping my hair black, as age was turning it fast."

MR. DANIEL B. CONNOR, Boston, Mass.—"Eight months ago I was bald—my hair is now long and healthy—I know your Rosemary has forced it to grow," &c.

OSSIAN D. DODGE, Esq., Vocalist, now of Cleveland, Ohio—"It gives a rapid growth and dark glossy texture, and does not soil the hat or pillow in the least; I know of nothing so valuable for the hair."

FRANCIS ADAMS, Esq., Boston, Mass.—"It is the best thing for children's hair—the ladies are delighted with it," &c.

REV. C. W. DENISON, Buffalo, N. Y.—"I find it excellent for the hair."

MRS. I. SWEENY, Boston, Mass.—"Has restored my hair to bald head, and from grey to black color," &c.

HON. C. HUNT, Lowell, Mass.—"To remove dandruff, and keep the hair moist and glossy, we have never found anything so good."

M. HOFFMAN, Esq., (Editor of German Weekly,) Boston, Mass., and his wife Eva, say—"It causes hair to grow vigorously—gives beauty and splendor—is better than European articles," &c.

C. B. STOCKING, Esq. (Trinity College,) Hartford, Ct.—"By using it my hair turned from a sandy to a brown color; it was naturally dry, but it is now moist."

A. F. WOOD, Chemist, New Haven, Conn.—"I saw a fair head of very dark hair on a man that six weeks ago was bald. He had used nothing, but your Rosemary," &c.

REVERE HOUSE, Boston, July, 1857.—"I had no more hair on my head than an infant, seven months ago. It is now thick, healthy, growing rapidly, and of a fine, dark color. I can positively say that J. RUSSELL SPALDING'S Rosemary, obtained at 27 Tremont street, opposite the Museum, has produced this change."—SARAH J. LORD.

THE restorative of Prof. O. J. WOOD for restoring hair perfectly and permanently has never yet had a rival. Volume after volume might be given from all parts of the world and from the most intelligent to prove that "it is a perfect Restorative!" but read the circular and you cannot doubt—read also the following

THE HAIR.—People have for centuries been afflicted with bald heads, and the only remedy heretofore known, has been those abominable wigs. By a recent discovery of Professor Wood these articles are laid still patronize them, because they have been as often imposed upon by their Tonics of different kinds. To all such persons we earnestly make the request, that they will try once again, for in Wood's Restorative there is no such thing as fail. We know of a lady who was bald, who used the article a short time, and her head is now covered completely with the finest and most beautiful curls imaginable. We know of numerous cases where hair was rapidly falling out, which it restored in greater perfection than it ever been before.

It is also without doubt one of the best articles for keeping the hair in good condition, making it soft and glossy, removing dandruff, and has proved itself the greatest enemy to all the ills that hair is heir to.

It is the duty of every one to improve their personal appearance, though some may differ in regard to the ways of doing it; but every one will admit that a beautiful head of hair, either in man or woman, was object much to be desired, and there are no means, that should be left untried to obtain such a consideration.—(Wooster's Advocate, Philadelphia

Cochocton, Ohio, Nov. 17, 1856.

O. J. WOOD & CO.—Gents: As I have been engaged in selling your Hair Restorative the last season for one of your local agents (R. M. Hutchinson,) and having experienced the beneficial effects of it myself, I would like to obtain an agency for the State of Ohio or some State in the West, should you wish to make such an arrangement, as I am convinced there is nothing equal to it in the United States, for restoring the hair. I have been engaged in the Drug business for several years, and have sold various preparations for the hair, but have found nothing that restores the secretive organs or invigorates the scalp as well as yours. Being fully convinced that your restorative is what you represent it to be, I would like to engage in the sale of it, for I am satisfied it must sell.

Yours truly,

J. T. STOCKMAN.

Improved Fire and Water Proof

Felt and Composition Roofs.

THE subscribers would respectfully call the attention of persons building, or about to build, to the above composition, which they have used to the entire satisfaction of many persons in this community who have lately put roofs upon old, as well as new buildings of every description. These roofs have been pronounced by Architects, Builders, and others who have a knowledge of their merits, to be of greater durability, and to be protected of fire and retaining properties to an extent beyond that of any roof now in use. ☞ The materials of which these roofs are composed are not affected by temperature. ☞ They will not expand or contract with heat and cold, like roofs of tin or tin. ☞ The cost is much less than any other fire proof roofing used. ☞ They are not affected by the jar of machinery. ☞ In case of injury, no roof can be easily and cheaply repaired. ☞ We not only state these facts, but can substantiate them, by referring to those who have patronized us for the last two years, and would request all those who are about to put on new roofs, to call and see our roofs, or old roofs, to call upon us before having them done, when we think they will be satisfied that we can furnish them with the best roof now in use. Lotteries.

LOTTERIES.—The well known and long established Consolidated Lotteries of which H. FRANCK & Co. are the managers, are chartered by the State of Maryland, and a commissioner elected by the people, who is sworn to superintend and certify that everything connected with them is done in a strictly honorable manner, and that the interests of parties who reside at a distance are as well protected as if they themselves were present at the drawing. Another fact which the managers call attention to, is, that all persons have a legal right to send orders for tickets to Maryland, as lotteries are legalized by special law in that State. A lottery is drawn every day in the month. If no particular class is named, orders are filled in the first drawing to take place after the communication comes to hand. The prices of tickets vary from $1,00 to $20.—No tickets however, sent unless the money for the same is received with the order. The drawings are upon the principle of one number on each ticket (after the Havana plan), and Ternary combination. Prizes vary in amount from $20 to 100,000. All orders for tickets or packages will receive prompt attention, and the drawing mailed to all purchasers immediately after it is over. Address,

T. HUBBARD & Co.,
No. 80 Fayette st., or Box No. 40,
Baltimore, Maryland.

☞ The Drawn Numbers of the Maryland Lotteries are published by the State Commissioner. In the following Papers, viz. Sun, Clipper, Patriot, American, Argus, of Baltimore; also, the National Intelligencer and Union, of Washington, D. C.

TO THE LADIES.—The celebrated Dr. Dix particularly requests all ladies who may need a medical or surgical adviser, to call at his rooms, No. 24 Endicott street, Boston, which they will find arranged for their especial accommodation.

Dr. Dix having devoted, over 18 years to this particular branch of the treatment of diseases peculiar to females, it is now conceded by all, (both in this country and Europe,) that he excels all the other known practitioners in the safe, speedy and effectual treatment of all female complaints.

Dr. Dix's French Renovating or Female Monthly Pills are to be had genuine only at this office.

These pills are unrivaled in efficacy and superior virtues in regulating all female irregularities. Their action is specific and certain, producing relief in a very short time. They are acknowledged to be the best in use.

The Dr. cautions the public to beware of impositions that are being practised by advertising a spurious article under some spurious or fictitious name. They are entirely useless, having been put up by miserable pretenders, who are entirely ignorant of the efficacy of medicines.

All who are in pursuit of the genuine article, had better call on the old doctor at his office, where they will be sure of getting the genuine—the only place in Boston, where the genuine is for sale.

These pills can be sent to any part of the country, with directions.

The best of accommodations furnished for the sick, with kind and attentive nurses, if they wish, at a reasonable rate.

This office is strictly private, with special apartments for ladies, and is so arranged that it is impossible for patients to come in contact with each other.

Recollect the number—24 Endicott street, N. B. All letters are most strictly confidential.

All letters will be promptly answered. Address Dr. L. Dix, 24 Endicott st., Boston.

jy1 1y d

CONFIDENTIALLY to the afflicted.—Dr. L. DIX still continues his old establishment, 24 Endicott, Street, Boston, where he can be consulted on all private complaints. All persons in any way afflicted may rely on a sure and speedy cure being performed.

Dr. Dix has for a number of years paid particular attention to the study and practice of private diseases; and so perfect has he become acquainted with them, that, without boasting, he will warrant an effectual cure in the shortest possible time, no matter how long standing the case may be.

In offering the result of his long study and practical experience to the afflicted, he is governed by humanity only, for so long have they been deceived by miserable quack nostrums, that it is time that some healthy mode of practice should be introduced.

The old doctor professes to be an ingenuity skillful in curing gonorrhœa, gleet, strictures, syphi is in all its stages, primary, secondary, tertiary, or hereditary seminal weakness, nocturnal emissions, general debility, impotency, and all diseases of the urinary organs. The doctor solicits a call from all who may be afflicted with any such disease, feeling confident of success, and as a great saving of time and money to his patients.

The doctor can be consulted by letter, if the disease is accurately described, medicines will be immediately forwarded, carefully concealed.

Please remember the name and No. as Dr. Dix has nothing to do with any other office but 24 Endicott st.

P. S. The best accommodations will be furnished the sick of both sexes, with kind and attentive nurses, and at a reasonable rate.

All letters requiring advice must contain one dollar, or no notice will be taken of them. Address D. L. Dix, 24 Endicott st., Boston.
